**DRUG SCREENING POLICY ON APPLICATION FOR EMPLOYMENT**

Crook County Parks and Recreation District consider safe work practices and the prevention of injuries a critical aspect to quality performance of duties. Crook County Parks and Recreation District recognize the prevalence of both illegal and prescription drugs in today's society and the adverse effect these drugs have on the safe work performances of people on the job. Therefore, Crook County Parks and Recreation District require all work applicants to submit to urine drug screen testing. The testing is administered and performed by qualified technologists.

Crook County Parks and Recreation District will from time to time also do random drug screens where names are drawn and the employees will be asked to report at a given time for a drug screen. In addition, testing will be done if there is reasonable suspicion that an employee is under the influence of alcohol or drugs.

If your urine drug screen results in detection of drugs that have not been prescribed by a physician or if you refuse to test, you will not be considered for employment. Should the screen be positive, then you may reapply for employment after a 90-day waiting period. Even some prescription drugs affect the ability of people to work safely. Crook County Parks and Recreation District will attempt to accommodate such applicants as best as possible.

**CONSENT FOR URINE OR BREATH ANALYSIS**

I authorize Crook County Parks and Recreation District and any agent it designates to collect my urine/breath and to conduct tests for evidence of drug and alcohol usage. I understand that the results of this test may affect decisions of initial and continued employment with Crook County Parks and Recreation District.
